Dear Mr. Bower:

On May 13, 2024, The Wisconsin Department of Natural Resources (department) received Water Quality Management Letter #2303 from the Capital Area Regional Planning Commission (CARPC), on behalf of the Village of Marshall. Letter #2303 requested the department's administrative review of a proposed increase in developable land to the Marshall Urban Service Area (USA) described as "East Side." The amendment will result in an increase of about 183 acres to the Marshall USA and is consistent with the Dane County Water Quality Plan.

The proposed amendment is hereby approved in accordance with water quality standards under s. 281.15 and 283.83(1m), Wis. Stats., along with CARPC's recommended actions described in Water Quality Management Letter #2303. This amendment is a formal amendment to the state's Areawide Water Quality Management Plan, per ch. NR 121, Wis. Adm. Code. The Marshall USA Amendment will be forwarded to the U.S. Environmental Protection Agency to meet the requirements of the Clean Water Act of 1987 (Public Law 92-500 as amended by Public Law 95-217) and outlined in the code of federal regulations, 40 CFR Part 35. This review is an integrated analysis action under s. NR 150.20(2)(a)3., Wis. Adm. Code. By means of this review, the department has complied with ch. NR 150, Wis. Adm. Code, and with s. 1.11, Wis. Stats. The approval of this USA amendment does not constitute approval of any other required local, state, or federal permit for sewer construction or associated land development activities.
